Re: Letter opposing SB 487 to extending benefits & protection to lawbreakers

Dear Chair and Members of the Senate Judiciary Committee,

On behalf of the Right to Life League and our supporters, we urge you to reject **SB 487**.

Abortion kills human beings. Gender mutilation renders humans sterile. These are barbaric treatments, not healthcare. They are in fact the opposite of reproductive healthcare.

Existing law requires DHCS to automatically suspend as a provider in the Medi-Cal program any individual who, or any entity that, has a license, certificate, or other approval to provide health care revoked or suspended by a federal, California, or another state's licensing authority, such as abortion or gender alteration. SB 487 amends this existing law in order to continue sending taxpayer monies to abortionists and those who profit from human gender mutilation who would otherwise be ineligible for payment under Medi-Cal. Health care providers should be able to discriminate against those who provide such barbaric services. SB 487 will prevent them from doing so.

SB 487 is another attempt to profit unscrupulous individuals who kill babies and mutilate children under the false narrative of healthcare.

Very Truly Yours,

Susan S. Arnall, Esq.
